

Watch Livestream of Climate Change Summit at University South Florida Sarasota-Manatee

Cumberland Advisors' Patty Healy is participating in the **Climate Change Summit** held at USF Sarasota-Manatee today, **January 25, 2019**. She'll be speaking to the audience about municipal bond ratings relating to how prepared these entities are for severe weather events, the impacts of climate change, and other factors that may affect credit ratings. I'll be helping out with introductions, interviews, and as an emcee. Bob Bunting, an accomplished entrepreneur and scientist, will lead the conference through many important topics and panel discussions.

If you're unable to attend in person, the University has provided this "Livestream Link" as a way to watch: <https://buff.ly/2WgFkWU>
